

International Conference on Economic and Financial Risks

21-22 June 2018 – Niort

Jointly organised by:

IRIAF (Institute of Industrial, Insurance and Financial Risk)

CRIEF (Research Centre on Economic and Financial Integration)

Bringing together researchers and professionals, this conference aims at providing further insight into risk management by means of an economic and financial approach.

We invite both theoretical and applied studies that may address one of the **following topics** (non-exhaustive list):

Financial Risks - financial crisis and systemic risk; international financial regulation; alternative investments; risk modelling and risk measures; market volatility and behavioural finance.

Bank Risks - banking profitability and prudential supervision; bank loan supply, capital structure and risks; bank governance and incentives mechanisms; contagion and risk management; banking intermediation and asymmetric information.

Health and Ageing - health insurance systems; health market regulation: rationalization, incentives mechanisms and asymmetric information; retirement, saving and life cycle; life insurance; dependency risk.

Risk and Insurance – attitudes towards risk, risk management, insurance pricing and provisions, insurance regulation, predictive modelling, big data.

Major Risks - industrial risks, environmental risks, geopolitical risks - insurability; major risk management: incentives mechanisms, risk prevention and interactions between the actors (public sector, firms, individuals); reinsurance; legal risks.

Risk and Innovation - technological risk, firms and R&D strategies, innovation and growth, innovation and intellectual property rights, innovation and sustainable development.
